Statement of Intent

Huntington School and the governing body are committed to enabling young people to learn about careers, learning and employability so that they can manage their own development and make life choices and decisions that will benefit their own wellbeing and contribute to the wellbeing of others.

This policy is written taking into account a number of key policies and statutory guidance including:

- Career Development Institute (CDI) Career Development Framework (2021)
- Education Act 2011 and statutory guidance for governing bodies, school leaders and school staff (DfE, 2018) Careers guidance and access for education and training providers (2018)
- Gatsby Benchmarks of Good Careers Guidance
- Ofsted Inspection Framework (2019 & subsequent updates)

The Governing Body

1. Ensure there is a named link governor responsible for taking a strategic interest in career and encouraging employment.
2. Ensure all students at the school are provided with independent careers advice from Year 7 to Year 13 and that the independent careers guidance provided is presented in an impartial manner.
3. Endorse that the guidance includes information on the range of education and training options at each key transition point; including sixth forms, colleges, and other vocational pathways such as apprenticeships and traineeships.
4. Supports arrangements for the independent careers guidance provided to students to be impartial and that the person giving the guidance is considering the best interests of the individual.

Commitment

1. The DfE 'strongly recommends' that all secondary schools work towards and achieve the national 'Quality in Careers Standard'. We have first started working towards this in April 2023 and are committed to go for re-accreditation every three years.
2. Huntington School is committed to raising the aspirations and ambitions of all its students, improving their eventual employability and life chances by providing a planned programme of careers education; a stable, structured careers programme; individual advice and guidance; and work-related learning for all students in Years 7-13.
3. The School is committed to independent and impartial guidance. To address this the school employs a specialist, Careers Adviser who delivers impartial careers information, advice and guidance.

4. To provide sustained contacts with employers, mentors and coaches who can inspire students.
5. To have a clear strategy for the advice and guidance provided to young people in line with the Gatsby Benchmarks.
6. To provide access to a range of activities that inspire young people including encounters with employers, colleges, universities and training providers.
7. To continue to develop the online resources and provide signposting to online careers resources.
8. To have a fully inclusive careers and employability programme to challenge stereotyping in career decision making.
9. The aims of the careers programme at school address the 6 career development skills that people need to have a positive career (based on the 2021 CDI framework):
 - Grow throughout life
 - Explore possibilities
 - Manage career
 - Create opportunities
 - Balance life and work
 - See the bigger picture

The school is committed to ensuring that all students at Huntington School have an entitlement to develop their skills and knowledge to make informed and ambitious choices about their future careers pathways at all key transition points.

- In Year 7 as students make the transition to secondary school
- In Year 8 and 9 at the end of Key stage 3
- In Year 10 and 11 at the end of Key Stage 4
- In Year 12 & 13 at the end of Key Stage 5

This policy will be reviewed annually to take into account any changes through discussions and evaluation with teaching staff; the school's Careers Adviser, students, parents, governors, advisory staff and other external partners such as Achieving for Children and the Careers & Enterprise Company.

Links with other policies

Careers and employability supports and is underpinned by key school policies including:

- The School Development Plan
- Equality Policy
- Health and Safety Policy
- Spiritual, Moral, Social and Cultural Education
- Safeguarding and child protection
- Special needs and disability policy, and

Students in their education should seek to go beyond their potential and through a combination of an outstanding education and good careers education and individual

guidance will go on to be successful and fulfilled citizens committed to lifelong learning and improvement.

Objectives

1. **Students' needs** (Gatsby Benchmarks 3 and 8) The Careers and Employability programme is designed to meet the needs of all students at Huntington School. It is differentiated and personalised to ensure progression through activities that are appropriate to students' stages of career learning, planning and development. As a part of our commitment to inclusion special care is taken to ensure students with an Education, Health and Care Plan and other disadvantaged students have access to advice and guidance at each stage of their education.
2. **Entitlement** (Gatsby Benchmarks 1-8) (See Appendix 1) Students are entitled to careers education and employability learning that meets the professional standards of practice and are person-centred, impartial and confidential. It also will be integrated into students' experience of the whole curriculum and be based on a partnership with students and their parents or carers. The programme aims to raise aspirations, challenge stereotyping and promote equality and diversity through a variety of activities. We seek to create multiple opportunities for students to meet with employers and other educational providers throughout their time at Huntington School. These experiences are further consolidated through PDP, enrichment, activities days and tutor time (see Appendix 2 for an overview of the key elements). Student experiences are recorded in their PSHE folders to enable monitoring and evaluation and all careers' activities are tracked and regularly evaluated through Compass Plus. Sixth form careers experiences are recorded through the use of Unifrog

Implementation

1. **Line Management** (Gatsby Benchmark 1)
The Head of Careers/Careers Leader reports to the Assistant Headteacher responsible for Personal Development (see Appendix 4 for Roles and Responsibilities).
2. **Staffing** (Gatsby Benchmark 1)
All staff through the tutorial system and in PDP contribute to careers education and employability through their roles as tutors and subject teachers. Careers related sessions are delivered by tutors at designated points during the academic year with the support of the Careers team. Tutors are regularly trained by the Careers Leader on the key knowledge and skills.

The Careers Leader has overall responsibility for the provision for Careers and employability learning in the school. They work in conjunction with the Heads of Year, Subject Leader of PSHE and SENCO.

The careers and employability programme is planned, monitored and evaluated by the Careers Leader and Subject Leader of PSHE.

3. **Curriculum** (Gatsby Benchmark 4)

The school seeks to ensure all students achieve their potential and acquire the core skills of numeracy, literacy and ICT as well as a wide-ranging curriculum across Key stage 3 to 5. Students at risk of underachieving are identified; support and intervention are provided for those who require improvement. The careers and employability programme includes careers guidance activities appropriate to the 3 key stages. This is delivered through a series of PDP lessons, tutor time and activities days during the year. Additionally, Year assemblies regularly address careers and employability topics. An overview of CEIAG is available. Furthermore, Subject Leaders, particularly in the STEM subjects, highlight the relevance of these subjects to a wide range of future careers paths and challenge stereotypes associated with them. Students, staff, parents/carers and (where applicable) employers are actively involved in the monitoring, review and evaluation of activities.

4. **Partnerships** (Gatsby Benchmarks 5, 6 and 7)

Partnership Agreements are negotiated between the school and other service providers including but not limited to York College, NYBEP, Askham Bryan College, Bishop Burton College, The Opportunities Centre, York Learning and the City of York Council. These partnerships are largely for the quality assurance of Post-16 transitions, support and monitoring. The school also works more informally with many other organisations where data sharing agreements are not required (see Appendix 3). These partnerships ensure opportunities for encounters with employers and employees from the world of work and encounters with further and higher education.

5. **Resources** (Gatsby Benchmarks 1 and 2)

Funding is allocated in the annual budget planning round in the context of whole school priorities and particular needs in the Careers and Employability area. The Careers Leader is responsible for the effective deployment of resources. Sources of external funding are actively sought whenever available. Careers information is available on the School website. Unifrog is another careers platform used with KS5.

6. **Staff Development** (Gatsby Benchmark 1)

Staff training needs are identified and training is put in place, led by appropriate individuals in conjunction with Assistant Head in charge of Learning and Teaching. Training is put in place to ensure the Head of Careers and other staff, with responsibility for careers, are kept up to date. Teachers are regularly updated and trained through Staff Meetings, Training Days and other sources of CPD. Some staff training is statutory, and additional training is offered based upon staff

voice. Funding for training is accessed through school funds. The school will endeavour to meet training needs within a reasonable time period.

7. **Monitoring, review and evaluation** (Gatsby Benchmark 1)

The school is working towards the Quality in Careers Standard. As a part of this process the school is going through a rigorous process of self-evaluation and review. In addition to this, the programme will be reviewed annually by the Careers team to identify desirable improvements.

Evaluation takes place in a variety of ways:

- Systematic feedback from staff, students, parents/carers and employers at least once per year.
- Regular feedback from students, staff, parents/carers and employers (as applicable) taken following careers events or modules throughout the year.
- Compass Plus Evaluation undertaken at least 3 times per year to monitor provision against Gatsby Benchmarks.
- Monitoring of entitlement and employability skills against Gatsby Benchmarks, CDI Framework, PSHE Association Framework and School priorities at least once annually.
- Staff involved provide feedback on the strengths and areas for development verbally and through evaluation forms.
- Tutors talk to tutor groups and ask for feedback.
- Feedback from Governors following updates from the Careers Leader (at least three times annually) and through Governor Link Meetings
- Any external volunteers are regularly asked for feedback after events.
- Destination data is looked at by SLT to inform future planning and priorities.
- Regular line management meetings to evaluate activities.

APPENDIX 1

Huntington School Aspirations (Careers) Department Student Entitlement

Huntington School is committed to raising the aspirations and ambitions of all our students, regardless of their individual needs. The aim of our programme of careers is to ensure that when students finish their journey at Huntington, they are prepared to become successful, responsible and hardworking citizens in society. The provision they receive, during their time at Huntington, will help to improve their eventual employability and life chances by ensuring an excellent programme of careers education; individual advice and guidance; and work-related learning.

All students at Huntington are entitled to impartial and independent Careers Education, information, Advice and Guidance (CEIAG) that:

- Is inclusive and centred around the student and their individual needs.
- Is integrated into the students' experience of the whole curriculum.
- Encourages all students to consider their career throughout all Key Stages
- Encourages all students to develop decision making skills.
- Equips all students for independent learning and lifelong learning including careers research skills.
- Prepares all students for future employability.
- Prepares all students for the personal financial management needs of the adult world.
- Provides each student with careers guidance from an impartial career adviser.
- Raises aspirations and promotes equality and diversity, challenging negative stereotypes.
- Encourages all students to use goal setting strategies to action and review next steps.

All Huntington students are entitled to:

- A range of activities and opportunities that promote self-development, career planning and career management.
- Access to up to date, relevant, comprehensive and impartial advice from a Careers Adviser and other accredited careers resources
- Individual careers advice from form tutors, subject teachers, pastoral staff and the Senior Leadership Team (SLT) as required.
- Appropriate support from staff to enable them to attain and achieve an appropriate school/college/university course, apprenticeship, training or post-18 employment.
- Careers support which is personalised to their own specific needs and abilities.
- Have parents/carers informed about CEIAG updates and events, with parents/carers being asked for regular feedback around Huntington's careers provision.

By the end of Key Stage 3 you will:

- Experience a careers and employability programme (through PSHE and drop-down days) focused on your personal careers' development.
- Begin to develop an awareness of your individual skills, strengths and preferred learning styles in relation to post 16 pathways and future career goals.
- Be able to access careers resources such as Start Profiles, I could and the National Careers Service
- Set targets and review your progress through the Unifrog platform and other resources.
- Receive careers information and on-going support from staff such as the Aspirations team, your form tutor, year group teams and learning support staff.
- Be fully supported through the KS4 Progression process by the Aspirations team, subject leaders and SLT.
- Be given the opportunity to speak to various employers and representatives from the world of work, education and training.
- Learn about money management skills and financial planning.
- Investigate choices and opportunities available to you in the world of education and work.
- Know how to make decisions about your choice of GCSE options at Key Stage 4 and the implications for your future.
- Have taken part in an enterprise activity and other simulated work experiences.
- Be, where more support is needed, provided access to mentoring/coaching – including meetings with the school's impartial Careers Adviser.
- Will be able to provide feedback around all careers and employability activities which will be taken seriously and fully valued by the Aspirations team and SLT.

By the end of Key Stage 4 you will:

- Experience a careers and employability programme (through PSHE and drop-down days) focused on your personal careers' development.
- Be given the opportunity and support to apply to sixth form, colleges, apprenticeships and other training providers.
- Develop a range of employability skills and be given the opportunity to participate in mock interviews.
- Receive information and advice regarding post-16 and 18 options and opportunities.
- Make realistic and informed choices about all options available to you at post 16.
- Be given the opportunity to take part in work experience or other work related and enterprise activities.
- Have guidance in money management skills and financial awareness.
- Have an opportunity for an interview with an impartial and independent Careers Adviser and any other required support and mentoring.
- Set targets and review your progress through the Unifrog platform and other resources.
- Be able to access careers resources such as Start Profiles, I could, Prospects, National Careers Service, National Apprenticeships Service and other education and training providers (both remote and in-person)
- Access to annual events for Year 10/11 students i.e. Careers fairs, employability workshops, college open days & university trips
- Be able to provide feedback around all careers and employability activities which will be taken seriously and fully valued by the Aspirations team and SLT.

By the end of Key Stage 5 you will:

- Participate in a careers enrichment programme focused on your personal development through tutor time, PSHE and other events
- Have the opportunity to set targets and review your progress through on-going support from your tutor, subject teachers, pastoral team and Aspirations team.
- Have received information on all options available to you including the range of university courses, apprenticeships, in-house training with employers, gap years and other opportunities including switching courses during KS5.
- Undertake careers research, track progress and evaluate your experiences using Unifrog and other resources/support.
- Have access to careers advice and guidance with our impartial Careers Adviser
- Have been given the opportunity to take part in enterprise and challenge activities.
- Understand the UCAS process and be able to research different universities and courses.
- Have been given guidance and support to help write a personal statement, apply to university and apply for apprenticeships/employment as appropriate.
- Have access to opportunities such as university taster days, enrichment lectures, apprenticeship recruitment events and work experience (virtual and in person)

Huntington School

Learn and succeed

- Have taken part in a Higher Education event and received information about university open events (with the option of attending in school-time)
- Take part in physical work experience through the PDP programme, and other work-related learning opportunities.
- Have encounters with employers and education/training providers through various events such as the Year 12 Employability Day and the Aspirations Fair

APPENDIX 2

CAREERS PROVISION OVERVIEW

The Huntington School Aspirations (careers) curriculum is planned and delivered in line with the 8 Gatsby Benchmarks of Good Career Guidance. It also uses the suggested framework of the Career Development Institute (CDI) which sets out what learners should be able to know and do by the time they leave education, with respect to careers.

The Gatsby Benchmarks, first set out in the 2017 Government Careers Strategy, define what excellent career guidance should look like. The benchmarks are shown below:

1. Stable careers programme
2. Learning from career and labour market information
3. Addressing the needs of each pupil
4. Linking curriculum learning to careers
5. Encounters with employers and employees
6. Experiences of workplaces
7. Encounters with further and higher education
8. Personal guidance

The CDI Framework describes six main career development skills that lead to positive careers. These are shown below:

1. Grow throughout life
2. Explore possibilities
3. Manage career
4. Create opportunities
5. Balance life and work
6. See the big picture

Each of these areas are subdivided into more specific objectives. All of these objectives are covered by our careers programme.

The following information show our careers programme, and how that programme conforms to the Gatsby Benchmarks and CDI framework. The presence of this stable careers programme evidences Huntington School's achievement of **Gatsby 1**.

In addition to the information provided below, the school is also committed to the explicit teaching of careers through all curriculum subjects (Gatsby 4). For more information on how this looks at Huntington, click [here](#).

Year 7 Activity Undertaken	Gatsby Benchmarks Met	CDI Framework Criteria Met
STEM enrichment and work experience drop down day in HT4	6,5,3,2	<ul style="list-style-type: none"> learning from setbacks and challenges being aware that trends in technology and science have implications for career being aware of the relationship between career and the natural environment
