Dear Parent/Carer,

As we reach the end of our Autumn term, I wanted to write to you to share the overview of the **Year 12 PSHE content for the Spring Term**.

PSHE is an important part of our curriculum at Huntington School. Within this subject we strive to equip our students with life skills and knowledge to ensure that our students remain healthy, happy and safe both now and into their future adult lives.

The Department for Education have set out clear guidance in the form of statutory information about what we need to cover within the PSHE and RSE lessons. Our PSHE curriculum has been structured around these guidelines to meet the specific needs of our students. The lessons are divided into 5 categories.

	Relationships and Sex Education (RSE)	This is an important part of PSHE education and has been made statutory by the Department for Education for all secondary school pupils. A wide range of topics are covered within this category such as; families, respectful relationships, consent and the law, how to stay safe, sexual health and sexual relationships.
	Health Education	This is also statutory and teaches students about physical health and mental wellbeing to give them the information they need to make good decisions about their own health and wellbeing. A wide range of topics are covered in this category such as; internet safety, healthy eating, physical health and fitness, basic first aid, the changing of the adolescent body and the dangers of; drugs, alcohol, tobacco and vaping

	Aspirations (Careers Information, Advice and Guidance)	This is characterised by an ambitious approach of wide possibilities for students and is aimed to ensure high aspirations. The supported careers journey for each student at Huntington School is delivered through; careers events, personal guidance discussions, explicitly taught PSHE lessons on careers and the embedding of careers into the wider curriculum.
	Citizenship	Citizenship involves developing the knowledge, skills and confidence to enable our young people to make their own decisions and to take responsibility for their own lives and communities. We want our young people to leave their time at Huntington School with a strong grasp of the political, legal and economic functions of society, and with the social and moral awareness to thrive in it.
	Responsive lessons	It is important for PSHE to be responsive to the needs of each year group at Huntington School. For these lessons the content will be planned nearer the time in response to their needs and based on the pastoral teams' reflections.

We are aware that many of the topics covered in PSHE lessons are sensitive and that it is useful for parents to know what is coming up in their child's lessons. The table below shows what is coming up for your child this term and if you wish to access an overview of each year group click [here](#)

This lesson is an opportunity to reflect on how racism continues to be a problem today and consider how we can right historical wrongs?</p>

We know that for these topics to have maximum impact on our students it is the conversations they have at home, based on what they have learnt that is vital. We would value any suggestions that you might have as well as any training that you feel you would benefit from as a parent so that we can support you and your child as you have conversations around these challenging topics. We are grateful to parents who have offered feedback about how useful they find the PSHE photographs on our school's social media. As a result, we endeavour to develop our PSHE social media presence further. We have a Huntington School PSHE Logo, which will be placed on all PSHE related photographs on Facebook so you can easily see the PSHE curriculum in action. We hope this will help to prompt PSHE based conversations at home.
